Where to park

When visiting our Eindhoven office, there is free parking adjacent to our office at Insulindelaan 115. Our building is easy to recognise by its glass façade and green brise soleil panels. Click [here](#) to plan your route!

Accessibility

Our office is located on the Eindhoven ring road, near the crossroads where Tongelresestraat intersects with Insulindelaan. When driving on Insulindelaan, coming from the south, take the parallel slip road immediately on the right after the crossroads and this will take you past our office. When driving on Insulindelaan, coming from the north, take the left-hand lane at the crossroads, and make a sharp turn into the parallel road.

Turn right after our building to find free parking in this street (Melkweg) and at the side of our building. There is also free parking on the side of the parallel slip road. The entrance to our building is at the front facing the main road (Insulindelaan).
